

# Create a **purpose-built** user training experience

Skillable empowers software organizations to keep customers, partners and employees up-to-date with their products through effective, reliable and flexible hands-on learning labs.

## Skillable's virtual lab platform enables you to:

- ▶ Quickly spin up hands-on lab environments for validating skills in limitless custom environments.
- ▶ Deliver interactive learning labs at scale that support guided and unguided scenarios.
- ▶ Track and accelerate learning with user engagement data and performance scores.

## Skillable use cases

### Software training and certification

Increase software adoption and usage by creating a skilling program that grows users into masters with performance-based validation.

### Marketing and events

Whether in-person, virtual or hybrid, interactive hands-on labs help your attendees walk away with tangible knowledge.

### Sales enablement

Achieve continuous sales readiness with scored, hands-on labs that are made to reuse and refine.

### Customer support

Decrease your overall resolution time, improve customer satisfaction and halt issues from damaging your credibility with in-the-moment support.

## The leader in performance-based learning with the results to back it up

- ▶ 2023 Brandon Hall Group Award winner in five categories, including Best Advance in Education Delivered Through Technology.
- ▶ 200+ G2 awards based on user reviews in numerous categories, including: Leader in Experiential Learning, Easiest to Use Virtual IT Lab Provider, Best Usability, Best Meets Requirements and Most Likely to Recommend.
